

THE Cashel

Pre-Application Community Consultation

The Cashel is where it all comes together. The perfect work-life balance, young families and older generations, cutting-edge technology and respect for the natural world. Meander your way slowly around the quirky collection of home styles and cannily plotted avenues, which gives a real sense of village living. Belonging: friendship: convenience: you'll find them all here. Wide open, green spaces are perfect for a friendly kick-about, a quiet picnic or home to seasonal festivals and fetes.
