

# Movement Through Site

## Proposed Bus Route

A bus service will access the site from the Skeoge Roundabout on the Buncrana Road. Throughout the phasing, and the construction of the roads for the development, a bus service will be provided. The bus service will be provided in stages in accordance with the master plan and construction phases.

– **Phase 1** of the bus service (indicated in magenta) will access the development via the Skeoge Roundabout travelling the newly constructed Whitehouse Road. The service will continue via the Boulevard connecting back to the Whitehouse Road. Bus stops will be provided along the route, enabling residents and visitors to avail of the service.

– **Phase 2** of the bus service (indicated in cyan) would maintain the route via the Whitehouse Road (Phase 1), and

travel along the newly constructed Highstreet and Avenue connecting back to the Whitehouse Road. Bus stops will be provided along the route, enabling residents and visitors to avail of the service.

– **Phase 3** of the bus service (indicated in green) would maintain the route for Phase 2, however it will continue along the Highstreet connecting to the Whitehouse Road roundabout, re-joining the A2 Buncrana Road via the Skeoge roundabout. Bus stops will be provided along the route, enabling residents and visitors to avail of the service. The development will be fully serviced by the bus route at all times.

– **Phase 4** of the bus service (indicated in blue) will allow the bus to travel to the new Elagh Roundabout.
